TREND COLLECTION

Laminate Kingdom®

HIGH PRESSURE LAMINATE

The Laminate Kingdom Trend Collection marks a new step in material design, balancing innovation with practical application. Among the highlights are the new Oak Wood colors, expanding the palette with refined shades inspired by one of the world's most enduring materials. Alongside this sits the Synchronized Woodgrain series, developed to deliver hyper-realistic texture that captures the depth and character of natural timber. The collection continues with tactile surfaces that draw from diverse sources - organic weave of Rattan to the cool elegance of Stones and Minerals. Glossy and matte finishes are introduced together with bold printed designs, offering architects and interior professionals a wide spectrum of creative options. Luxeffect textured designs further broaden the scope, bringing luxurious, natural detail into the laminate world. Built on the proven foundation of the Laminate Master Collection, this new range preserves the same standards of quality and durability while opening the door to evolving design trends. The result is a collection that offers both versatility and authenticity, tailored for contemporary interiors.
